

Floral Meditations for Opening the Heart

High Quality Giclee Prints Available

Description, Print sizes, Prices, Shipping Charges and Order Form

Giclee is a French word meaning ink spray, and represents a relatively new process of printing artwork with high quality inks that are said to be color fast for up to 200 years as opposed to lower quality lithographic posters, whose colors can fade in 10 to 20 years. These giclees are printed on museum quality paper that is 100% acid-free to assist preservation of the artwork. These prints are reproduced from original colored pencil illustrations on fabriano paper that measures 22" x 30". Avoid hanging in areas of direct sunlight and in conditions of high humidity.

Up to 250 Limited Edition Giclee prints are available for each of the flowers shown below for \$502.00 unframed. 6.5 % tax for Minnesota residents as well as insured shipping would be added to that. Limited Editions measure 22" x 30" and are delivered ready for framing. Meditating on these images will assist in gently opening and expanding the heart. They will also permeate any indoor environment with the colorful healing energy characteristic of each flower. The larger images are especially powerful. All prices are unmatted and unframed. All Limited Editions are signed and numbered. Currently accepting orders by money order, cashier's check or personal check via mail (Must clear before order is processed).
